March 31, 2020

Dear Parents and Community Members:

I hope this message finds you and your families safe and well. Today, Illinois Gov. JB Pritzker announced that remote learning in Illinois will be extended through April 30th in order to slow down the spread of COVID-19.

During this time, on-site learning will remain suspended but our schools' commitment to learning and education will remain open and learning will continue for all students - just through a different format.

While it is not ideal, we want to assure you that our Grundy County Special Education Cooperative teachers and staff are fully engaged and willing to take on this new challenge and push forward with remote learning, engaging with students.

I know this is not the school year that any of us imagined, but I want to thank you for your patience and understanding as we have dealt with this unprecedented situation together.

As a recap, here are the three priorities for our leadership and planning moving forward:

Priority 1 - Care for the extended safety, health, and welfare of students, families, non-student children, staff, and community at large.

Priority 2 - Communicate clearly; share coherent, organized and controlled messages with our staff, students and community.

Priority 3 - Provide for the continuity of learning in Illinois.

It's important we continue to work together and support our students. Thank you for your cooperation and understanding during this difficult time.

Warmest Regards,

Neil Sanburg, GCSEC Executive Director
