August 7, 2020

Dear GCSEC Families,

After much discussion and consideration, and in direct response to the safety of all students and staff, we have made the very difficult decision to delay in-person instruction until after Labor Day. Remote instruction for all students in GCSEC Programs will begin in accordance with previously scheduled program start dates. Additionally, each student will have an Individual Blended Learning Plan outlining the provision of remote instruction. As a reminder, student participation is NOT optional, and attendance, assignments and grades will be required. Additionally, students will need to receive 5 clock hours of remote instruction, which may be a blend of teaching, as well as independent activities. Students enrolled in Early Childhood programming will require less clock hours. We are committed to providing a consistent and quality education during this time, and will work diligently to keep students engaged during remote learning. We will evaluate the status of returning to in-person instruction prior to the Labor Day weekend. Thank you for your cooperation and understanding during this difficult time.

Respectfully,

Neil Sanburg
Executive Director
